

**Ever wonder what you've been missing?**

**The #1 Analgesic in the  
Healthcare  
Industry!**

**Maybe it's time to find out what thousands of other clinics already know.**

Cryotherapy has long been recognized by the medical community as a way to reduce body aches and pains as well as to increase the rate of healing of damaged muscle and tissue.

**BIOFREEZE®** was created and formulated with a South American herbal extract. The unique astringent "staying powers" of ILEX result in longer lasting, deeper penetrating pain relief period compared to conventional cooling gels or sprays. **BIOFREEZE®** contains 2 known & proven pain relievers, providing substantially more effective pain relief than conventional gels.

Finally, because it is not sold in stores, **BIOFREEZE®** offers the healthcare community a valuable resource for increasing both their passive revenue & referrals.

**BIOFREEZE® with ILEX** aids the treatment of:

- Contusions, Muscle stiffness, Spasms
- Arthritis & Bursitis
- Cramps, Strains & Sprains
- Hip, back, shoulder & neck stiffness
- Stiff & painful ankle, knee, hip & elbow joints
- Reduces swelling & stiffness
- Increases mobility & recovery
- Reduces pain & progresses healing

**BIOFREEZE® with ILEX** can enhance:

- Ultrasound Treatments (mix with coupling gel)
- Massage Therapy (Pre & Post)
- Electric Muscle & Nerve Stimulation
- Extend Ice Therapy
- Home Therapy Compliance
- Sports Injury Rehabilitation
- Post-Surgery & Recovery
